

Rogers Park Community Council

RESOLUTION number RPCC 02-002

Whereas the Rogers Park Community Council (RPCC) believes that the southern extension of the coastal trail is an important addition to Anchorage's world-class trail system and is important to residents in all parts of the city;

Whereas the RPCC supports a location for the southern extension of the trail that is along the coast and is as similar in character to the existing trail as possible;

Whereas the Environmental Impact Statement (EIS) that will evaluate the alternative trail locations has not yet begun;

Therefore be it resolved that the RPCC requests the DOT and the Municipality of Anchorage to include in the EIS an alternative that closely follows the coast.
